Past Life *Soul Regression* Training prepares participants to guide clients to discover the journey of their souls from lifetime to lifetime and is open to anyone who wishes to deepen their soul evolution. This in-depth virtual course is led by Dr. Linda Backman, an expert psychologist and regression therapist who has been in private practice for over 40 years.

Each of our lives is designed for the evolution of our soul to reach higher levels of wisdom and awareness, as well as the advancement of Humanity. Our free will choices can lead to both soul evolution, as well as karmic, less desirable actions. Past Life *Soul Regression* reveals dharma, or our beneficial actions in prior embodiment, that we are to embrace in current life. Our past life karma is demonstrated through present life relationships, along with physical-emotional-spiritual issues. By becoming aware of our past life karma and dharma, we can both release or embrace what has happened in prior existence to aid life today.

This breakthrough program allows you to learn how to use hypnotherapy to guide clients to uncover past lives, understanding how to enhance their lives today. The course includes teaching, demonstration, and practicum. Completion of the PLSR training course provides eligibility to gain PLSR Therapist Certification.

Training Programs

The RavenHeart Center Training Institute (RHCTI), established by Drs. Earl and Linda Backman in 2005, was founded on the keen awareness that a regression training program, both onsite and tele-training, must have a profound foundation to study the mystery of the soul. Earl and Linda believe strongly that each of us, as incarnate souls, are here to enhance the New Humanity with the knowledge that our lives are inter-twined in the Unity and Oneness of our divine core.

RHCTI offers programs both for those who wish to become a professional regression therapist and for anyone who desires to deepen their own spiritual journey and impact the New Humanity.
