COURSE DETAILS: A SOUL REGRESSION LEVEL TWO - ADVANCED BETWEEN LIVES TRAINING

Psychologist and regression therapist Dr. Linda Backman is the expert teacher for this intensive 12-session training program for participants wishing to conduct Between Lives Soul Regression (BSLR). When we die, our consciousness remains as we transition into the spiritual realm. Our spiritual home contains light, love, clarity, compassion, responsibility, and order. Upon arriving we meet our spiritual guide and process the life just completed. We return to our spiritual family, the group of souls with whom we have most affinity and incarnate again and again as parents, children, siblings, partners and friends. BLSR reveals the intentions of life today.

BLSR explores our nature as an eternal soul, and with our Master Guides our progress and purpose are examined. Discovery of past lives and our soul origin is an essential component of a BLSR. Dr. Linda Backman will train participants in this rewarding, spiritually based technique. She studied and taught with Dr. Michael Newton. In addition, to becoming well-versed in the mechanics of BLSR regression, participants will explore aspects of spirituality for personal benefit and the related assistance to clients. This course includes teaching, demonstration, and practicum. Completion of the BLSR training course provides eligibility to gain BLSR Therapist Certification and to pursue additional requirements to join the **RavenHeart Soul Regression Collective (RSRC)**.

This course consists of six modules, each 3 hours in length. Two class sessions will be dedicated to each module. Each class session is 90 minutes in length.
