All souls are created in the higher realm with the intention to evolve Humanity and the Universe. If you're reading the details of this new virtual course you are NOT a new or young soul. Your interest indicates the degree of evolution of your own soul. What do I mean by ALL souls contribute to the evolution of ALL?

Intelligent incarnation began on Earth approximately 300,000 years ago. In the last 15,000 years humans created more than one civilization on our planet. Perhaps you've had a past life in northern India, Mesopotamia, or Egypt where early cultures developed. What is your soul history and why are you here now?

Originally souls came to Earth from interplanetary locations in the Universe. Angelic Souls served as guides but did not embody as yet. When did you first come to Earth? Is your soul designed to incarnate primarily on Earth or not on Earth? Are you an Angelic Realm Soul? Are you an Earth-Based Soul? Are you an Interplanetary Soul?

Why was the Angelic Realm created?

What are YOUR gifts and challenges as an EB, IP, or AR Soul? Why are you here now? EB's evolve through repetitive Earth lives to move through karma and maintain dharma or soul accomplishment. IP's come to Earth infrequently and often are challenged to operate both physically and emotionally within the human lifestyle. AR's have few incarnations at all, bringing a profound love and compassion perspective. Life on Earth for an AR demonstrates an insufficient amount of the light vs the dark.

How can Humanity AND the higher realm evolve with the co-creation of all three types of souls who have different origins in the higher realm? What is the origin of energy that seeks to block evolution, both on Earth and in the Higher Realm? How can the "Light" supercede the "Dark?"

Angelic Realm Souls serve the Divine and infrequently incarnate, only on Earth. Are you an AR Soul? Did you arrive on Earth at birth or as a Walk-In? When it is agreed upon, and only in rare circumstances, does the original animating soul exit and a new soul arrives into an adult body, termed a Walk-In. How and Why does this highly unique event occur? What is the benefit for Humanity to have more AR Souls on Earth?

This unique course will bring together interested folks who are NOT young souls for the purpose of learning, sharing, and co-creating to expand Humanity's evolution. The course will include teaching, client Soul Regression sharing, group sharing, experiential, Guest Teachers/Panels, homework, and a Slack group. Guest Teachers & Panel Members will include EB, IP & AR Souls.
