

Egypt Spiritual Journey: Opening Evolution Portals

Dr. Linda Backman & Tracey Ash

February 16-28, 2024

A profoundly life-changing & transformational tour to Egypt, at a mindful pace.

Experienced Souls have agreed to be active participants in the transformation of war, hate, and greed. Your Soul has sought expansion and wisdom through innumerable lives both on Earth and in the vast celestial realm. With your spiritual guides, agreements and contracts have been created for you to embody on Earth as you balance human karma to be of service to Humanity.

Has your soul evolved primarily on Earth or somewhere Interplanetary or in the Angelic Realm? What commitments have you made in life today to guide Humanity to not excuse or confuse, but to evolve and seek healing of human frailty via free will? ~ Dr. Linda Backman

On the celestial observatory and portal, the ancient ones mapped the skies and heavens across cycles of time and themes of destiny playing forever until the peace.

The voices of truth soared higher and higher over wars conjured by those who could not stand in sovereign truth. The journey of these times is deepest within. Where is the betrayal that is the betrayal of humanity? Where is the wound of darkness blind to war? Where is apathy driving evolution backwards?

Where is the intelligence that excuses and confuses? Where are the stories that only talk? Where are the actions that do not serve? Where is the fake love that does not travel? Where is the pain that breaks worlds? We are all one breaking the invocation of illusions.

Not for a moment believe you can do little. As each sacred ethic and value is remembered and resurrected. We soar in re-union and protection of the beauty and innocence of humanity. We stand unshakeable. We transform war, hate and greed.
